New Standards amendments and IFRICs effective for periods beginning on or after January 1st 2014

IFRS 10, IFRS 12, IAS 27 "Investment Entities" (Amendment)

The amendment provides to 'Investment Entities' (as defined in the standards) an exemption from the consolidation of particular subsidiaries and instead requires that an investment entity measures the investment in each eligible subsidiary at fair value through profit and loss in accordance with IFRS 9 or IAS 39. Further to this the amendment requires additional disclosures about the reasons that the entity is considered an investment entity, details of the entity's unconsolidated subsidiaries and also the nature of the relationship and certain transactions between the investment entity and its subsidiaries. The amendment also requires an investment entity to account for its investment in a relevant subsidiary in the same way in its consolidated and separate financial statements. The standard has been endorsed by the European Union.

IAS 32 (Amendment) "Financial Instruments: Presentation"

The amendment to IAS 32 'Financial Instruments', settles inconsistencies in practice when applying the criteria for offsetting financial assets and liabilities in IAS 32 'Financial Instruments: Presentation'. The amendment has been endorsed by the European Union.

IAS 36 (Amendment) "Impairment of Assets"

Amends IAS 36 "Impairment of Assets" in order to reduce the circumstances in which the recoverable amount of assets or cash-generating units is required to be disclosed, to clarify the disclosures required, and to introduce an explicit requirement in the case of the recognition or a reversal of an impairment loss if the recoverable amount is based on fair value to disclose the hierarchy level and if the hierarchy level is 2 or 3 to disclose the valuation model and the significant assumptions used. The amendment has been endorsed by the European Union.

2. Basis of Preparation, Presentation and Significant Accounting Policies (continued)

IAS 39 (Amendment) "Financial Instruments: Recognition and Measurement"

Amends IAS 39 "Financial Instruments: Recognition and Measurement" so as to clarify that there is no need to discontinue hedge accounting if a hedging derivative is novated, provided certain criteria are met. A novation indicates an event where the original parties to a derivative agree that one or more clearing counterparties replace their original counterparty to become the new counterparty to each of the parties. In order to apply the amendments and continue hedge accounting, novation to a central counterparty (CCP) must happen as a consequence of laws or regulations or the introduction of laws or regulations. The amendment has been endorsed by the European Union.

IFRIC 21 "Levies"

Provides guidance on when to recognize a liability for a levy imposed by a government, both for levies that are accounted for in accordance with IAS 37 Provisions, Contingent Liabilities and Contingent Assets and those where the timing and amount of the levy is certain.

The Interpretation identifies the obligating event for the recognition of a liability as the activity that triggers the payment of the levy in accordance with the relevant legislation. It provides the following guidance on recognition of a liability to pay levies: a) The liability is recognized progressively if the obligating event occurs over a period of time & b) If an obligation is triggered on reaching a minimum threshold, the liability is recognized when that minimum threshold is reached. The interpretation has been endorsed by the European Union.

IFRS 10 "Consolidated Financial Statements"

IFRS 10 replaces in full the instructions related on control and consolidation, as provided in IAS 27 and SIC 12. The new standard is based on the concept of control as a key factor in deciding whether an entity should be consolidated. The standard provides extensive guidance on the three elements that define the concept of control over an entity, and the different ways in which one entity (investor) can control another entity (investment). It also sets out the principles for the preparation of consolidated financial statements.
On June 2012 IFRS 10 was amended in order to provide additional transition relief in, by limiting the requirement to provide adjusted comparative information to only the preceding comparative period.

Entities early adopting this standard must also adopt the other standards included in the 'suite of five' standards on consolidation, joint arrangements and disclosures: IFRS 10 'Consolidated Financial Statements', IFRS 11 'Joint Arrangements', IFRS 12 'Disclosure of Interests in Other Entities', IAS 27 'Separate Financial Statements' (2011) and IAS 28 'Investments in Associates and Joint Ventures' (2011). The standard has been endorsed by the European Union.

IFRS 11 "Joint Arrangements"

IFRS 11 replaces IAS 31 'Interests in Joint Ventures'. It requires a party to a joint arrangement to determine the type of joint arrangement in which it is involved by assessing its rights and obligations and then account for those rights and obligations in accordance with that type of joint arrangement (Joint arrangements are either joint operations or joint ventures). A joint venturer applies the equity method of accounting for its investment in a joint venture in accordance with IAS 28 Investments in Associates and Joint Ventures (2011). Unlike IAS 31, the use of 'proportionate consolidation' to account for joint ventures is not permitted.
On June 2012 IFRS 11 was amended in order to provide additional transition relief in, by limiting the requirement to provide adjusted comparative information to only the preceding comparative period. Further to this the amendment eliminates the requirement to provide comparative information for periods prior to the immediately preceding period. Entities early adopting this standard must also adopt the other standards included in the 'suite of five' standards on consolidation, joint arrangements and disclosures: IFRS 10 'Consolidated Financial Statements', IFRS 11 'Joint Arrangements', IFRS 12 'Disclosure of Interests in Other Entities', IAS 27 'Separate Financial Statements' (2011) and IAS 28 'Investments in Associates and Joint Ventures' (2011). The standard has been endorsed by the European Union.

2. Basis of Preparation, Presentation and Significant Accounting Policies (continued)

IFRS 12 "Disclosure of Interests in Other Entities"

IFRS 12 focuses on the necessary disclosures of a financial entity, including significant judgmental and hypothetical decisions, that will allow the readers of the financial statements to evaluate the nature, the risks and the consequences, from a financial point of view, that relate with the participation of the financial entity in subsidiaries, associates, joint ventures and non consolidated financial entities.
On June 2012 IFRS 12 was amended in order to provide additional transition relief in, by limiting the requirement to provide adjusted comparative information to only the preceding comparative period. Further to this the amendment eliminates the requirement to provide comparative information for periods prior to the immediately preceding period. A financial entity can adopt some or all of the above disclosures without been obliged to adopt either IFRS 12 in total or the rest of the standards that are included in the "suite of five" standards on consolidation, joint arrangements and disclosures: IFRS 10 'Consolidated Financial Statements', IFRS 11 'Joint Arrangements', IFRS 12 'Disclosure of Interests in Other Entities', IAS 27 'Separate Financial Statements' (2011) and IAS 28 'Investments in Associates and Joint Ventures' (2011) The standard has been endorsed by the European Union.

IAS 27 (Amendment) "Separate Financial Statements (2011)"

This standard was published at the same time with IFRS 10, and in conjunction these two standards will replace IAS 27 'Consolidated and Separate Financial Statements'. The amended IAS 27 defines the accounting treatment and the necessary disclosures that entity must include when preparing separate financial statements, relating with its participation in subsidiaries, associates and joint ventures. Requirements necessary for consolidated financial statements are now included in IFRS 10 'Consolidated Financial Statements'. The Standard requires that when an entity prepares separate financial statements, investments in subsidiaries, associates, and jointly controlled entities are accounted for either at cost, or in accordance with IFRS 9 'Financial Instruments' and IAS 39 'Financial Instruments: Recognition and Measurement'. Entities early adopting this standard must also adopt the other standards included in the 'suite of five' standards on consolidation, joint arrangements and disclosures: IFRS 10 'Consolidated Financial Statements', IFRS 11 'Joint Arrangements', IFRS 12 'Disclosure of Interests in Other Entities', IAS 27 'Separate Financial Statements' (2011) and IAS 28 'Investments in Associates and Joint Ventures' (2011). The amended standard has been endorsed by the European Union.

IAS 28 (Amendment) "Investments in Associates and Joint Ventures" (2011)

This Standard supersedes IAS 28 'Investments in Associates' and prescribes the accounting for investments in associates and sets out the requirements for the application of the equity method when accounting for investments in associates and joint ventures. The Standard defines 'significant influence' and provides guidance on how the equity method of accounting is to be applied (including exemptions from applying the equity method in some cases). It also prescribes how investments in associates and joint ventures should be tested for impairment. The Group will apply this standard as soon as this will become effective and does not expect to have a material impact on the financial statements of the Group or the Company. Entities early adopting this standard must also adopt the other standards included in the 'suite of five' standards on consolidation, joint arrangements and disclosures: IFRS 10 'Consolidated Financial Statements', IFRS 11 'Joint Arrangements', IFRS 12 'Disclosure of Interests in Other Entities', IAS 27 'Separate Financial Statements' (2011) and IAS 28 'Investments in Associates and Joint Ventures' (2011). The amended standard has been endorsed by the European Union.

IAS 19 (Amendment) "Employee Benefits (2011)"

IAS 19 is amended so as to clarify the requirements that relate to how contributions from employees or third parties that are linked to service should be attributed to periods of service. In addition, it permits a practical expedient if the amount of the contributions is independent of the number of years of service, in that, contributions can but are not required, to be recognized as a reduction in the service cost in the period in which they are due. The amendment has not yet been endorsed by the European Union.

IFRS 11 (Amendment) "Joint Arrangements"

Amends IFRS 11 to require an acquirer of an interest in a joint operation in which the activity constitutes a business (as defined in IFRS 3 *Business Combinations*) ,to apply all of the business combinations accounting principles in IFRS 3 and other IFRSs, except for those principles that conflict with the guidance in IFRS 11 and also disclose the information required by IFRS 3 and other IFRSs for business combinations. The amendments apply both to the initial acquisition of an interest in joint operation, and the acquisition of an additional interest in a joint operation (in the latter case, previously held interests are not remeasured).The amendment has not yet been endorsed by the European Union.

IAS 1 "Presentation OF Financial Statements" (amendment)

Amends IAS 1 *Presentation of Financial Statements* to address perceived impediments to preparers exercising their judgement in presenting their financial reports by making the following changes:
clarification that in formation should not be obscured by aggregating or by providing immaterial information, materiality considerations apply to the all parts of the financial statements, and even when a standard requires a specific disclosure, materiality considerations do apply; clarification that the list of line items to be presented in these statements can be disaggregated and aggregated as relevant and additional guidance on subtotals in these statements and clarification that an entity's share of OCI of equity accounted associates and joint ventures should be presented in aggregate as single line items based on whether or not it will subsequently be reclassified to profit or loss; additional examples of possible ways of ordering the notes to clarify that understand ability and comparability should be considered when determining the order of the notes and to demonstrate that the notes need not be presented in the order so far listed in paragraph 114 of IAS 1. The amendment has not yet been endorsed by the European Union.

IAS 16 "Property Plant & Equipment" and IAS 38 "Intangible Assets" (amendment)

Amends IAS 16 & IAS 38 so as to clarify that a depreciation method that is based on revenue that is generated by an activity that includes the use of an asset is not appropriate for property, plant and equipment. Also the amendment introduces a rebuttable presumption that an amortisation method that is based on the revenue generated by an activity that includes the use of an intangible asset is inappropriate, which can only be overcome in limited circumstances where the intangible asset is expressed as a measure of revenue, or when it can be demonstrated that revenue and the consumption of the economic benefits of the intangible asset are highly correlated. Further to this the amendment adds guidance that expected future reductions in the selling price of an item that was produced using an asset could indicate the expectation of technological or commercial obsolescence of the asset, which, in turn, might reflect a reduction of the future economic benefits embodied in the asset. The amendment has not yet been endorsed by the European Union.

2. Basis of Preparation, Presentation and Significant Accounting Policies (continued)

IFRS 10, IFRS 12 and IAS 28 "Investment Entities: Applying the Consolidation Exception" (amendment)

Amends IFRS 10 Consolidated Financial Statements, IFRS 12 Disclosure of Interests in Other Entities and IAS 28 Investments in Associates and Joint Ventures (2011) to address issues that have arisen in the context of applying the consolidation exception for investment entities by clarifying the following points:
The exemption from preparing consolidated financial statements for an intermediate parent entity is available to a parent entity that is a subsidiary of an investment entity, even if the investment entity measures all of its subsidiaries at fair value. A subsidiary that provides services related to the parent's investment activities should not be consolidated if the subsidiary itself is an investment entity. When applying the equity method to an associate or a joint venture, a non-investment entity investor in an investment entity may retain the fair value measurement applied by the associate or joint venture to its interests in subsidiaries. An investment entity measuring all of its subsidiaries at fair value provides the disclosures relating to investment entities required by IFRS 12. The amendment has not yet been endorsed by the European Union.

IAS 27 "Separate Financial Statements" (amendment)

Amends IAS 27 Separate Financial Statements to permit investments in subsidiaries, joint ventures and associates to be optionally accounted for using the equity method in separate financial statements. This amendment has not yet been endorsed by the EU.

IFRS 10 Consolidated Financial Statements and IAS 28 Investments in Associates and Joint Ventures (2011) (amendment)

Amends IFRS 10 Consolidated Financial Statements and IAS 28 Investments in Associates and Joint Ventures (2011) in order to clarify the treatment of the sale or contribution of assets from an investor to its associate or joint venture. The amendment requires a) full recognition in the investor's financial statements of gains and losses arising on the sale or contribution of assets that constitute a business (as defined in IFRS 3 Business Combinations), b) the partial recognition of gains and losses where the assets do not constitute a business, i.e. a gain or loss is recognised only to the extent of the unrelated investors' interests in that associate or joint venture. These requirements apply regardless of the legal form of the transaction, e.g. whether the sale or contribution of assets occurs by an investor transferring shares in a subsidiary that holds the assets (resulting in loss of control of the subsidiary), or by the direct sale of the assets themselves. These amendments have not yet been endorsed by the EU.

Amendments to standards being part of the annual improvement program of 2014 of the IASB (International Accounting Standards Board) 2012 – 2014 Cycle.

The amendments set out below describe the key changes to four IFRSs. The improvements have not yet been endorsed by the EU.

IFRS 5 "Non-current Assets Held for Sale and Discontinued Operations"

Adds specific guidance in IFRS 5 for cases in which an entity reclassifies an asset from held for sale to held for distribution or vice versa and cases in which held-for-distribution accounting is discontinued.

IFRS 7 "Financial Instruments – Disclosures"

Provides additional guidance to clarify whether a servicing contract is continuing involvement in a transferred asset, and clarification on offsetting disclosures in condensed interim financial statements.

2. Basis of Preparation, Presentation and Significant Accounting Policies (continued)

IAS 9 "Financial Instruments"

Clarify that the high quality corporate bonds used in estimating the discount rate for post-employment benefits should be denominated in the same currency as the benefits to be paid.

IAS 34 "Interim Financial Reporting"

Clarifies the meaning of 'elsewhere in the interim report' and requires a cross-reference.

New Standards effective for periods beginning on or after January 1st 2017

IFRS 15 "Revenue from Contracts with Customers"

IFRS 15 provides a single, principles based five-step model to be applied to all contracts with customers. The five steps in the model are as follows:
Identify the contract with the customer, identify the performance obligations in the contract, determine the transaction price, allocate the transaction price to the performance obligations in the contracts, recognise revenue when (or as) the entity satisfies a performance obligation. Guidance is provided on topics such as the point in which revenue is recognised, accounting for variable consideration, costs of fulfilling and obtaining a contract and various related matters. New disclosures about revenue are also introduced. The standard has not yet been endorsed by the European Union.

New Standards effective for periods beginning on or after January 1st 2018

IFRS 9 "Financial Instruments" (applies to annual periods beginning on or after 1 January 2018)

IFRS 9 is the first Phase of the Board's project to replace IAS 39 and deals with: the classification and measurement of financial assets and financial liabilities, impairment of financial assets, hedge accounting, derecognition of financial assets and liabilities. The Company is currently investigating the impact of IFRS 9 on its financial statements. The Company cannot currently early adopt IFRS 9 as it has not been endorsed by the EU. Only once approved will the Company decide if IFRS 9 will be adopted prior to 1 January 2018. The standard has not yet been endorsed by the European Union.

IFRS 9 "Financial Instruments: Hedge accounting and amendments to IFRS 9, IFRS7 and IAS 39" (effective for annual periods beginning on or after 1 January 2018)

The IASB has published IFRS 9 Hedge Accounting, the third phase of its replacement of IAS 39 which establishes a more principles based approach to hedge accounting and addresses inconsistencies and weaknesses in the current model in IAS 39. The second amendment requires changes in the fair value of an entity's debt attributable to changes in an entity's own credit risk to be recognised in other comprehensive income and the third amendment is the removal of the mandatory effective date of IFRS 9. These amendments have not yet been endorsed by the EU.
